CALTRANS PROJECT: 04-3G4864
BID DATE: 8 OCT 2015

ASSUMPTIONS:

1. Work Area Monitoring will be conducted under the direction of a Certified Industrial Hygienist (CIH). All travel, per diem, materials, supplies and laboratory costs are included in the daily rate. Reports will be prepared and signed by a CIH as called for in the Special Provisions.
2. Sapper West assumes that lead will be the only metal analyzed for airborne monitoring.
3. Sapper West assumes a MINIMUM monitoring duration of ten (10) days. The Prime Contractor can multiply the daily Work Area Monitoring rate of \$1,895.00 per day by the actual activity days to calculate a lump sum total for the project if more than ten (10) days. A mobilization charge of \$550.00 will be charged for each mobilization to the site for non-consecutive monitoring events.
4. If the Prime Contractor prefers to monitor airborne lead concentrations with internal resources beyond the ten (10) day period that Sapper West would be on site for the work a weekly consulting rate of \$1,250.00 would be required to provide training, equipment, analyses, and oversight and reporting by a CIH. $1,250 \times 58 \text{ wks} = \$72,500$
5. Job Site Management assumes a project duration of 850 days (field work), or 170 weeks of on-site field work.

$$170 \text{ weeks} \times \$275.00/\text{week} = \$46,750.00$$

This is a weekly rate for Sapper West to document required WPCP compliance by completing Caltrans forms 2030 and 2023 by a QSD/P. Sapper West will work with your field staff to assess site conditions each week; no site visits are included. Pre-, during and post-rain event site inspections are not included but will be billed at the Job Site Management rate if required.

6. No other plans, reports, monitoring or permits are included.
7. Contractor to provide completed WPCP questionnaire (supplied by Sapper West upon notice of award) prior to start of work.
8. The WPCP and the LCP include one (1) revision for the quoted bid. Additional revisions will be billed at \$125.00 per hour.
9. Print-ready electronic draft and final copies of plans and/or reports will be provided so hard copies can be produced; no hard copies will be provided by Sapper West.

CALTRANS PROJECT: 04-3G4864
BID DATE: 8 OCT 2015

Sapper West is a certified DVBE contractor (No. 1390180) with a number of associates that have supported Caltrans projects for many years. Please don't hesitate to contact me directly at (707) 317-0002 or at tanenson@sapperwest.com if we can provide anything further.
